-----Professional Summary

A passionate Front End Developer with over 5 years of experience, dedicated to crafting high-performance, pixel-perfect user experiences using modern technologies like Next.js and TypeScript.

- **MERN Stack & Frontend Mastery:** Extensive expertise in the React ecosystem, MERN stack, and modern UI libraries including shadcn/ui and Tailwind CSS.
- **Design to Code Excellence:** Proven ability to translate complex Figma designs into stunning, responsive applications, bridging the gap between design and engineering.
- **Award-Winning Performance:** Recognized as “Employee of the Year” for a relentless commitment to code quality, performance optimization, and collaborative success.

-----Work Experience

Front End Developer | Ideh Gostaran Samin Pars (ICC) | Shiraz, Iran

August 2020 - August 2023

- Developed a comprehensive style guide and component library in React, ensuring design consistency and reducing front-end development time by 20%.
- Boosted site performance and Core Web Vitals by implementing semantic HTML and strategic optimizations, improving Lighthouse scores and enhancing SEO rankings.
- Thrived in a fast-paced Agile environment, collaborating closely with backend teams on RESTful API integration and authoring maintainable TypeScript code.
- Architected and managed a global state structure using Redux Toolkit, resulting in a 40% reduction in boilerplate code and improving application predictability.
- Developed engaging UI features, including a 3D slideshow, which demonstrably increased user session duration and site traffic.

-----Technical Skills

- **Programming Languages:** JavaScript, TypeScript, C#
- **Frameworks & Libraries:** Next.js, React.js, Vue.js, Redux, Node.js, Express, i18next
- **Styling & UI:** Tailwind CSS, Bootstrap, Material Design, jQuery, shadcn/ui
- **Backend & Databases:** Mongoose, MongoDB
- **Tools & Platforms:** Git, GitHub, Vercel, Trello, Webpack, npm, Vite
- **Core Competencies:** SEO Best Practices, Performance Optimization, Clean Code, MERN Stack

-----Projects

Personal Portfolio

Live Demo: <https://portfolio-abolfazl26s-projects.vercel.app>

GitHub Repo: <https://github.com/Abolfazl26s/portfolio>

A comprehensive bilingual portfolio built with React (upgrading to Next.js & TypeScript) and i18next to showcase all professional projects.

Netflix Clone

Live Demo: <https://netflix-clone-czse.vercel.app>

GitHub Repo: <https://github.com/Abolfazl26s/netflix-clone>

A feature-rich clone built with Next.js and TypeScript to master modern, scalable, server-side rendered applications.

-----Continuous Learning & Interests

Regularly sharpens advanced CSS skills by solving challenges on CSSBattle.dev, demonstrating a deep passion for front-end craftsmanship.

-----Education

- **High School Diploma, Mathematics and Physics** (2012)
- **Professional Certificates | Navid Pars Dibagaran Institute, Shiraz, Iran**
HTML, CSS, JavaScript, C# (Accredited by the Ministry of Science of Iran)
